

Shaw® Vibrant Carpet Brush™

OVERVIEW

The **Vibrant Carpet Brush™** is a great way to spot clean a soiled or stained area on a carpet. Used in conjunction with **Shaw® R2x® Carpet Stain & Soil Remover** it effectively removes stains and soils from carpeting and rugs in the interim between cleanings, saving both time and money! The radial curvature, in conjunction with the side roller wheels, provides the optimum angle for deep penetration and even distribution of **R2x® Carpet Stain & Soil Remover** plus the agitation necessary to loosen particulates, soils, pet hair, or other debris from carpet fibers.

The dual brush settings allow you to adjust for both the type of the carpet and the nature of the soiling. The soft bristle side can be used in situations requiring a lighter touch or where soils are nearer the surface, while the hard bristles are ideal for a more aggressive cleaning of deeply embedded soils. In addition, the **Vibrant Carpet Brush's™** sturdy retractable metal handle allows for comfortable and ergonomic use and easy storage.

When spots or stains appear, and when a full area cleaning is either impractical or unnecessary, the **Vibrant Carpet Brush™** is the perfect tool for effectively touching up these problem areas.

- **Superior Soil, Particle & Pet Hair Lifting Capability**
- **Two Brush Settings - Easy or Aggressive - For Different Types of Carpet**
- **Retractable Handle Provides Ergonomic Comfort During Use and Easy Storage**
- **Perfect for Use with all R2x® and R2xtra® Products Gives Uniform & Deeper Distribution of the Cleaner**
- **Roller Wheels Provide the Perfect Agitation Angle for Optimum Cleaning**
- **Light Weight – Easy to Use**

DIRECTIONS FOR USE

1. Vacuum the soiled area of carpet thoroughly to remove loose soils and debris from the surface.
2. Apply **Shaw® R2x® Carpet Stain & Soil Remover** over the area to be cleaned.
3. Using the **Vibrant Carpet Brush™** work the cleaner deep into the soiled area. (Either the Soft Bristle side or the Firm Bristle side can be used, depending upon the type of carpeting and degree of soiling.)
4. Repeat the directions above for any additional soiled areas.
5. After allowing cleaned areas to dry (4-6 Hours), thoroughly vacuum the carpet.

Note: For difficult stains, such as fruit drinks or carbonated beverages, that are not removed by the steps above; it may be necessary to apply extra cleaner to the area and blot with a clean white cloth, prior using the **Vibrant Carpet Brush™**.
